My Perfect Day

My Pride and Joy

*My mountain home
is a reflection of my lifestyle,
a peaceful space in
a special place, and
my perfect getaway
for every day.*

My Peaceful Retreat

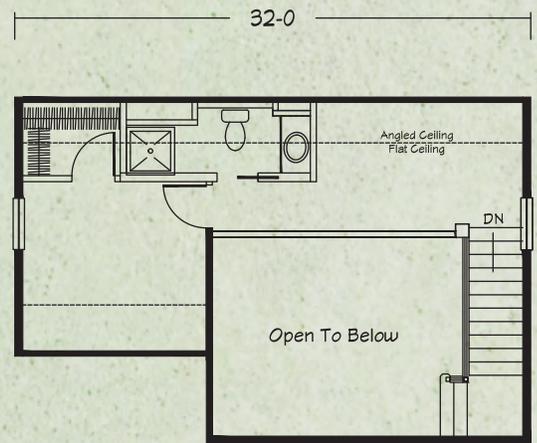

Shown with site built porch.

the Skyview II Cottage

This cute and open cottage plan features a dramatic vaulted ceiling with a view of the Upper Level loft. The compact design is both comfortable and economical.

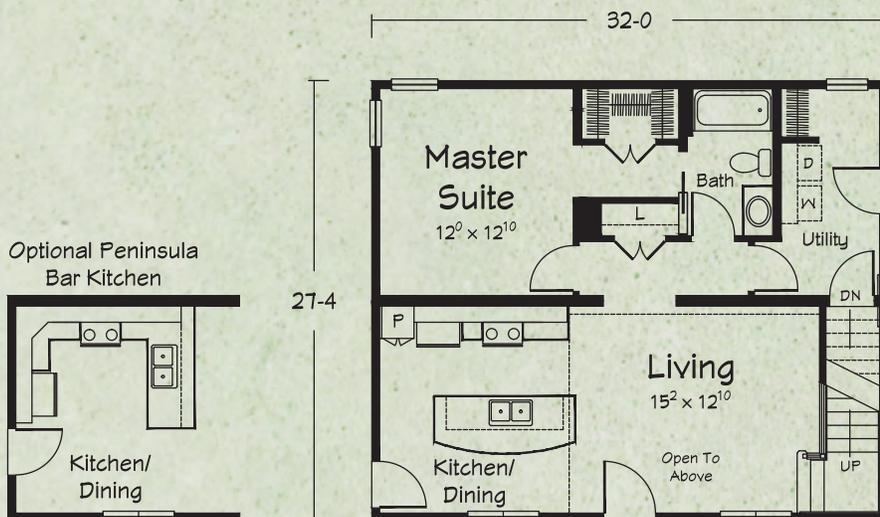

Skyview II Upper Level

12/12 pitch roof is standard.

Skyview II Main Level

2 Bedrooms • 2 Baths • Loft
1115 sq. ft. Living Area
(includes 240 sq. ft. of upper level area)

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

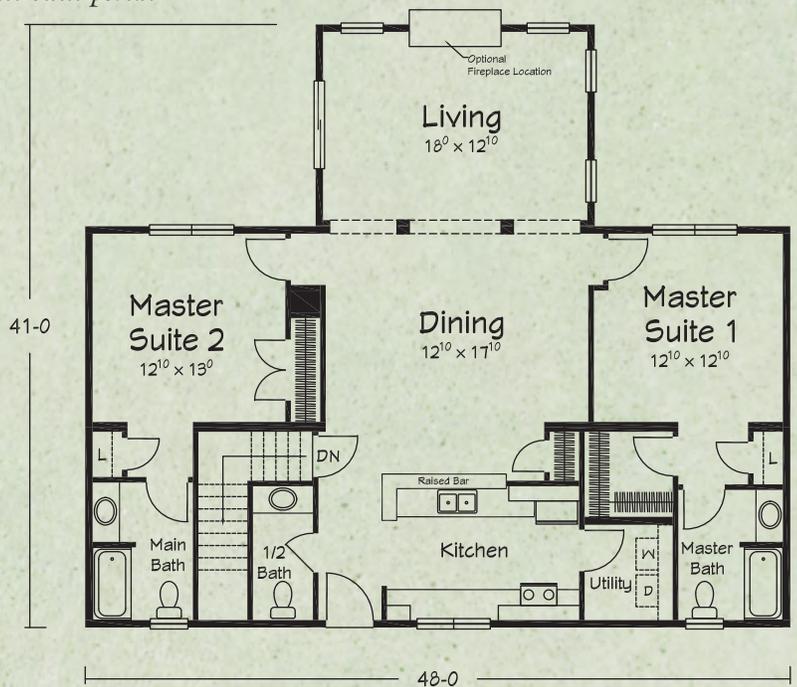

the River Bend Cabin

Whether your getaway home overlooks the ski slopes or the lake, you'll have a great view from the River Bend's rear-facing bedrooms and great room. The plan is also great for sharing with its two separate master suites.

Shown with site built porch.

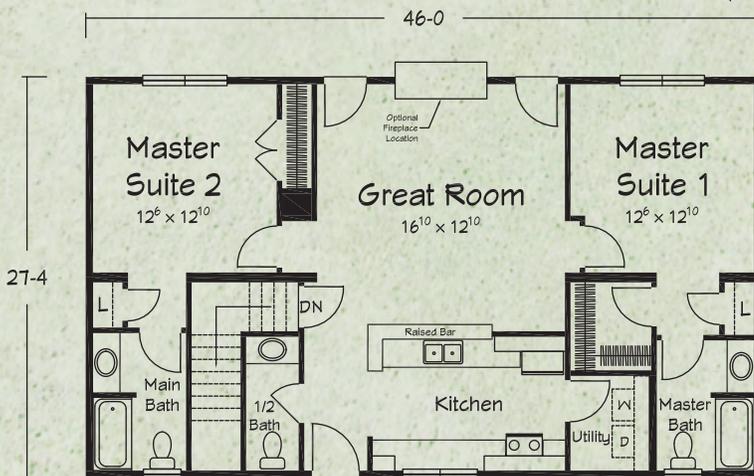

River Bend Plan B

2 Bedrooms • 2 Baths
1686 sq. ft. Living Area

River Bend Plan A

2 Bedrooms • 2 Baths
1257 sq. ft. Living Area

Applewood II Plan B shown with site built porch.

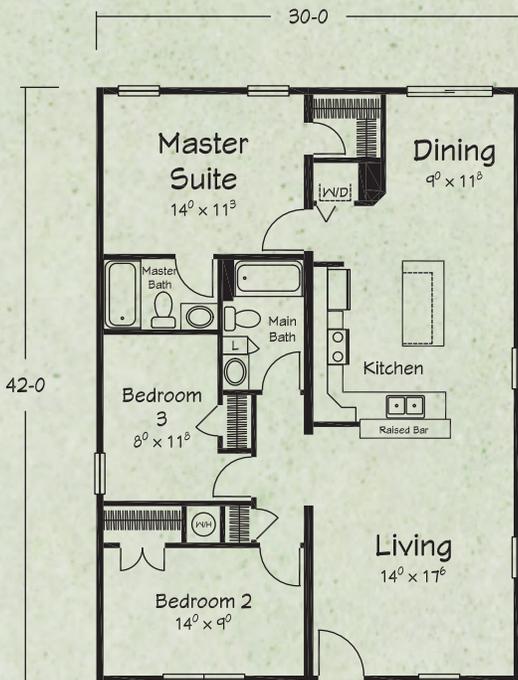

the Applewood II Ranch

The efficient Applewood plans provide open and connected living areas where family and friends can gather. Kitchen and dining areas offer access to your site built, rear-facing deck space.

Applewood II Plan A

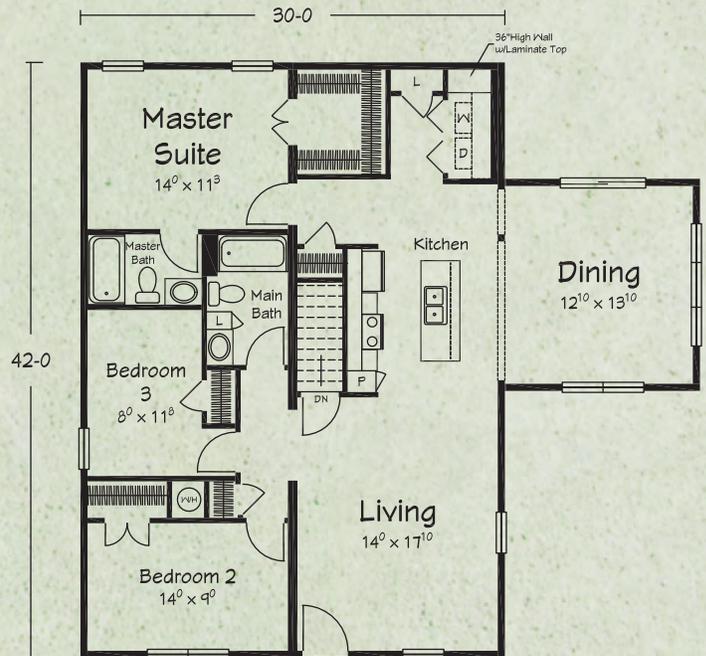

3 Bedrooms • 2 Baths
1260 sq. ft. Living Area

(Crawl Space plan only—no interior stair location available)

Applewood II Plan B

3 Bedrooms • 2 Baths
1462 sq. ft. Living Area

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

Plan B Elevation

Rear view shown with optional "7/12 true vault" with gable glass and site built deck.

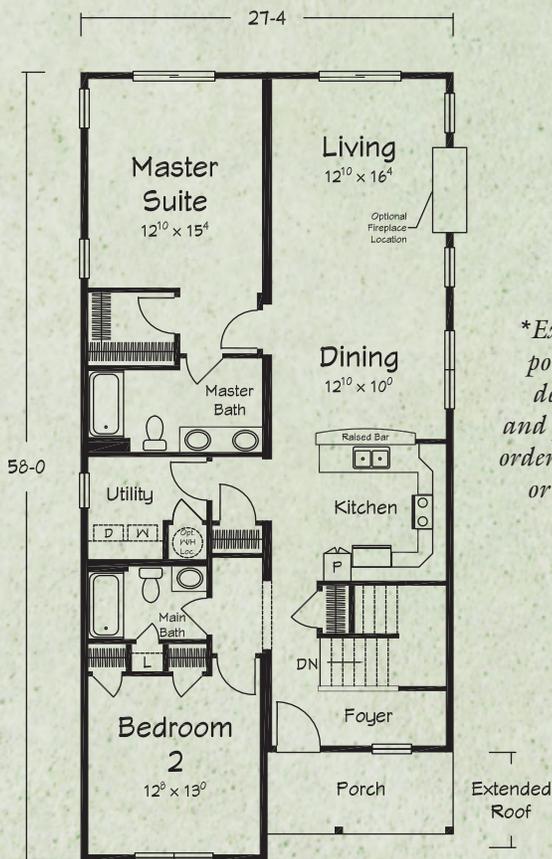

the Sunrise-Sunset Cottage

Specially designed to make the most of a home site with a rear-facing view, the Sunrise-Sunset plans provide a covered front porch on the entry end and open views from the master bedroom and main gathering areas. Two sliding patio doors at the back of the house can give access to a site built rear deck—so, enjoy the view!

Sunrise-Sunset Plan A

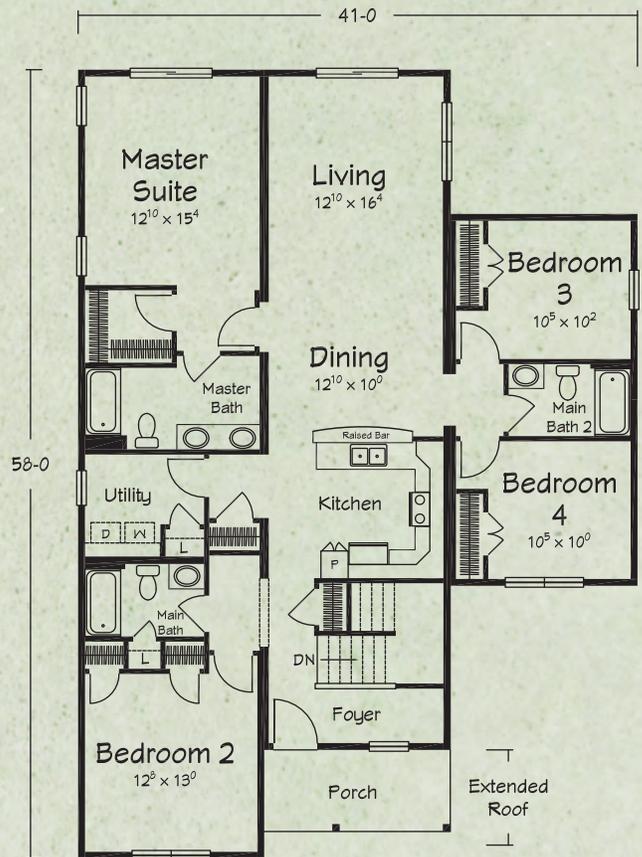

2 Bedrooms • 2 Baths
1476 sq. ft. Living Area

**Exterior grade porch framing, deck materials and posts must be ordered as options or site-finished.*

Sunrise-Sunset Plan B

4 Bedrooms • 3 Baths
1850 sq. ft. Living Area

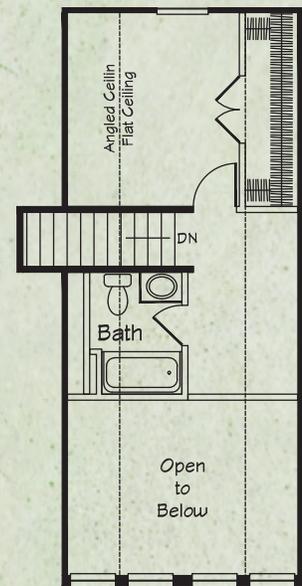

Shown with site built deck.

the Old Bennington II Chalet

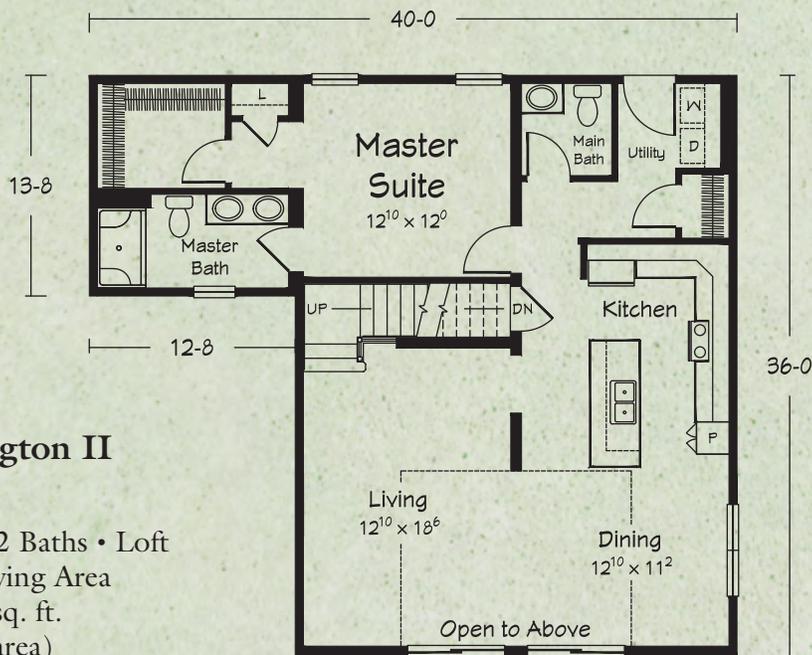

The Old Bennington has an open and spacious feel in a compact design. Entry from the plan's driveway end allows open views from the vaulted living areas.

Old Bennington II Upper Level

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

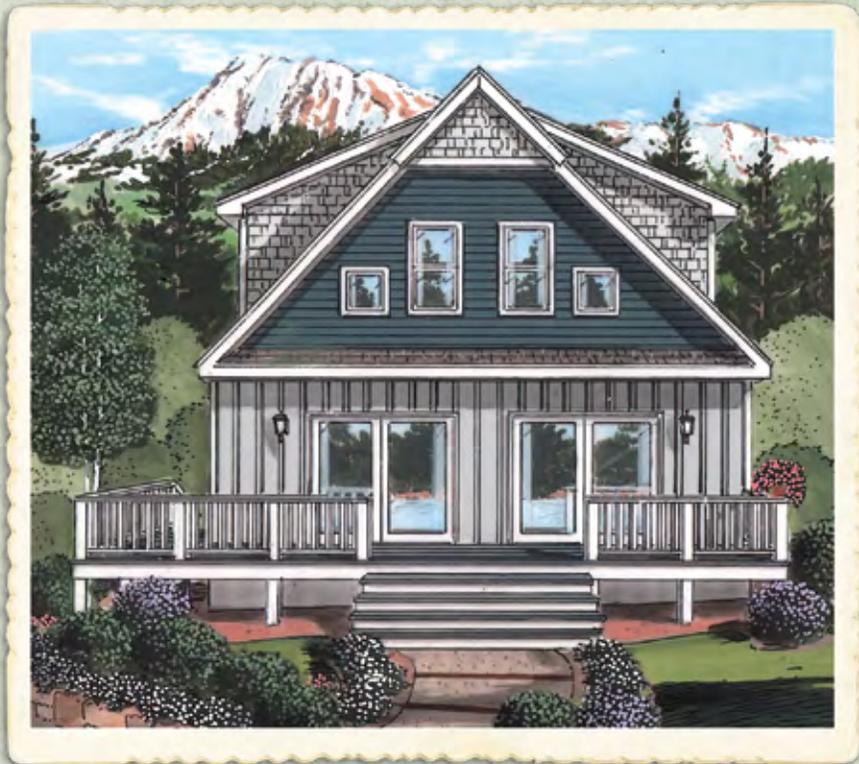

Old Bennington II Main Level

2 Bedrooms • 2 Baths • Loft
1488 sq. ft. Living Area
(includes 365 sq. ft.
of upper level area)

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

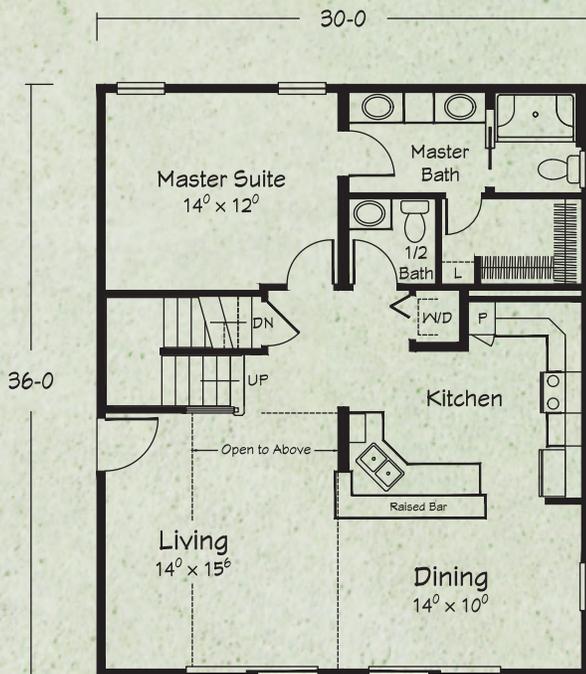

Shown with site built deck.

the Ashford Cape

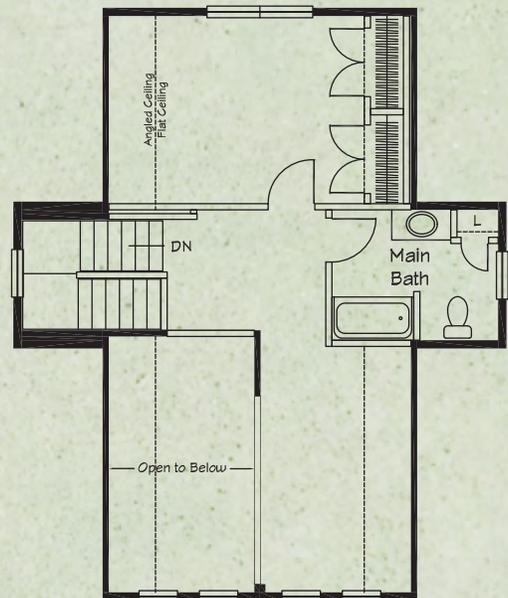

The charming Ashford includes two shed dormers and a unique window array above the sliding patio doors. The first level includes a nice master suite, quest bath and open concept living, dining and kitchen areas.

Ashford Main Level

2 Bedrooms • 2½ Baths • Loft
1576 sq. ft. Living Area
(includes 496 sq. ft. of upper level area)

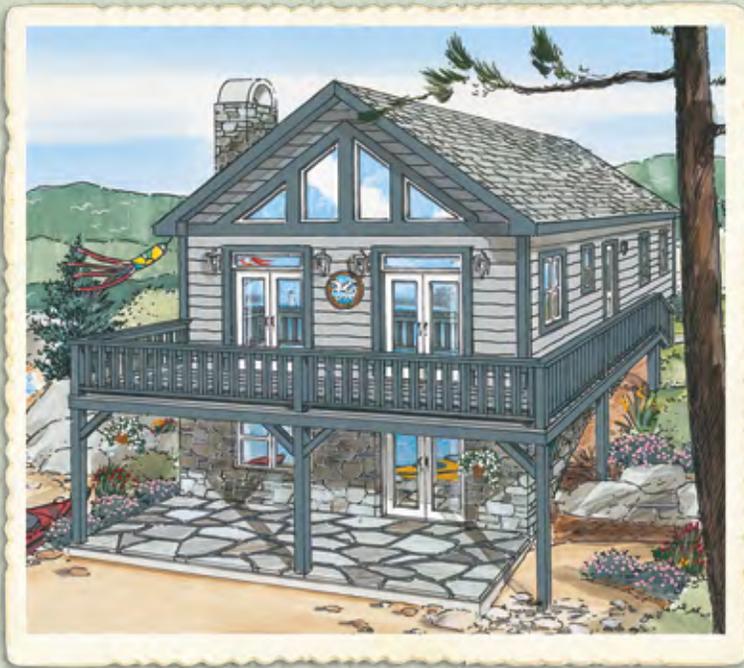

Ashford Upper Level

*12/12 pitch roof
is standard.*

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

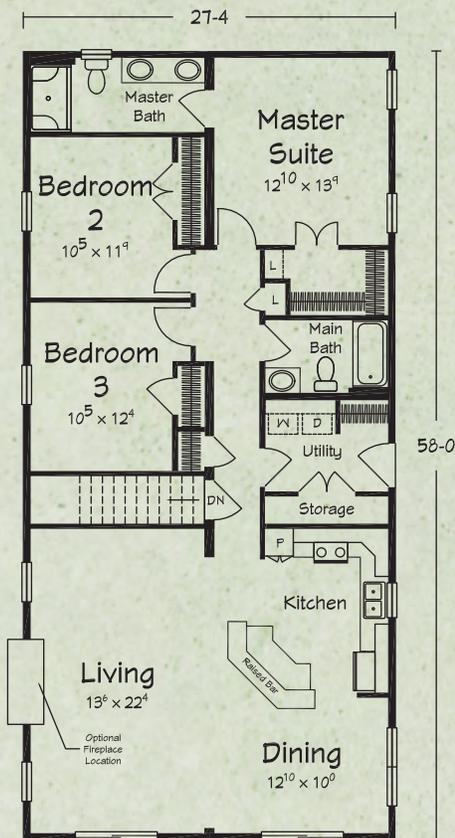

Shown with optional "7/12 true-vault with gable glass" and site built deck.

the Woodlands II Cottage

The Woodlands plans feature a wide open gathering area and large, comfortable bedrooms. You can add an optional vaulted ceiling and gable glass for volume and impact.

Woodlands II Plan A

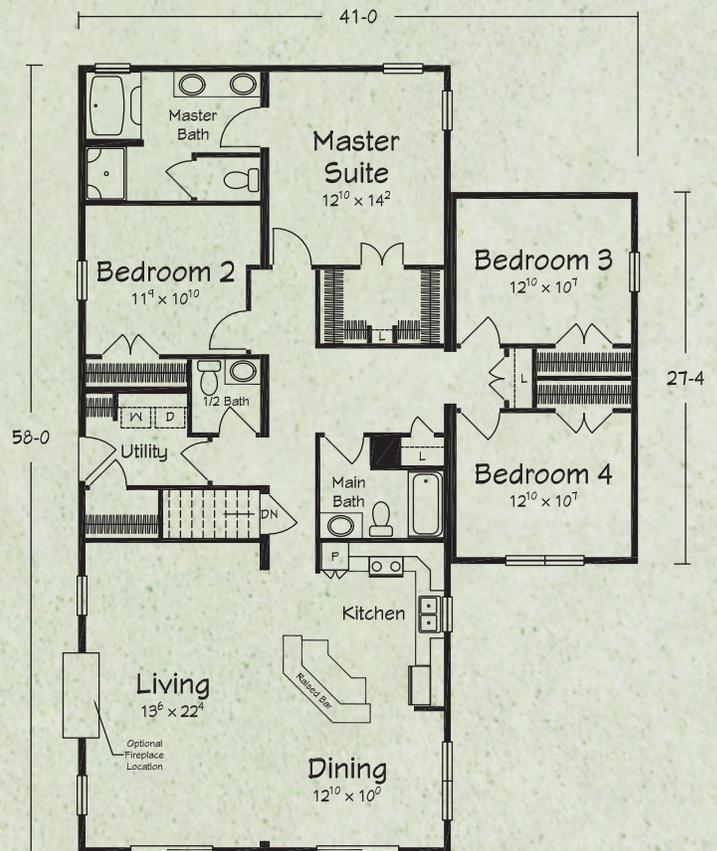

3 Bedrooms • 2 Baths
1585 sq. ft. Living Area

Woodlands II

Plan B

4 Bedrooms • 2 Baths
1961 sq. ft. Living Area

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

Shown with site built porch.

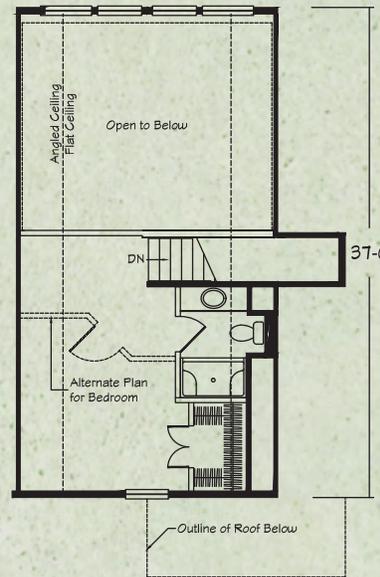

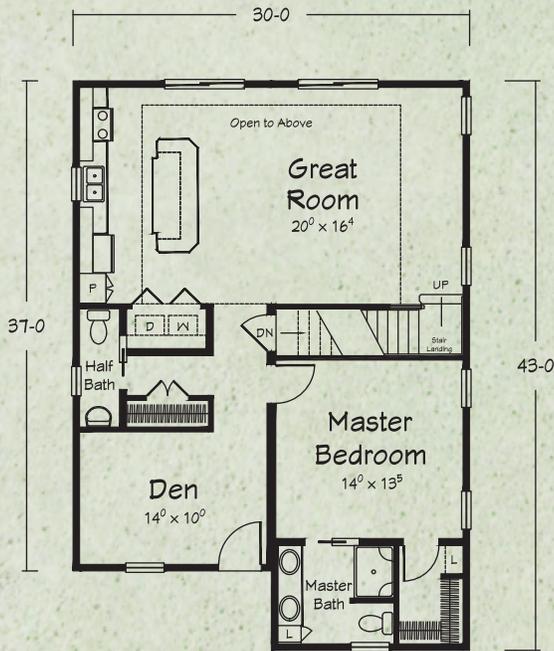

Rear elevation shown with site built deck.

the Juniper Ridge II

Front entry to this plan is through a den that can double as a guest room. The vaulted, rear-facing great room/kitchen provides great views from the interior or from your site-added deck.

Juniper Ridge II Main Level

2 Bedrooms • 2½ Baths • Loft
1600 sq. ft. Living Area
(includes 400 sq. ft. of upper level area)

Juniper Ridge II Upper Level

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft. – optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

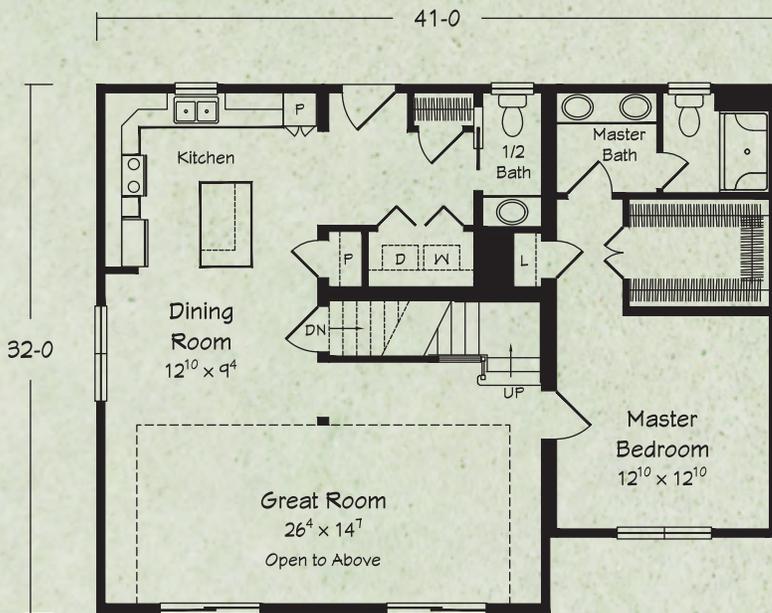

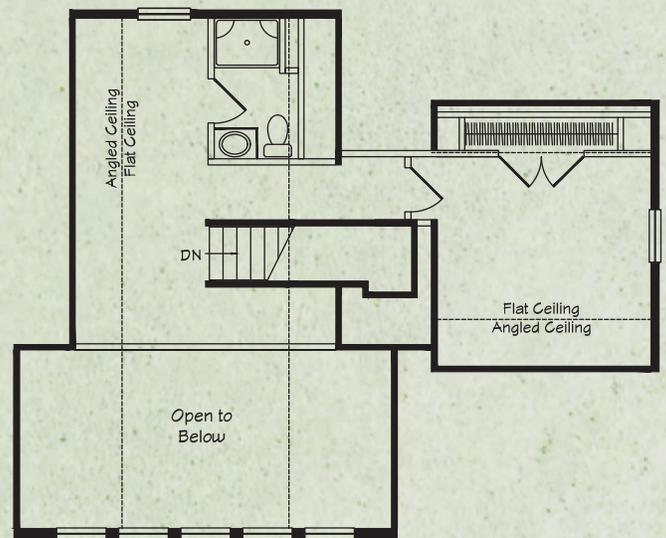

Shown with site built deck.

the Maple Ridge Chalet

The handsome Maple Ridge Chalet is a smaller, right-sized chalet with nice custom touches, inside and out. The gable at the great room includes a unique boxed-prow roofline and dramatic, eight-piece window array.

Maple Ridge Chalet Main Level

2 Bedrooms • 2½ & ¾ Baths • Loft
1752 sq. ft. Living Area
(includes 502 sq. ft. of upper level area)

Maple Ridge Chalet Upper Level

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

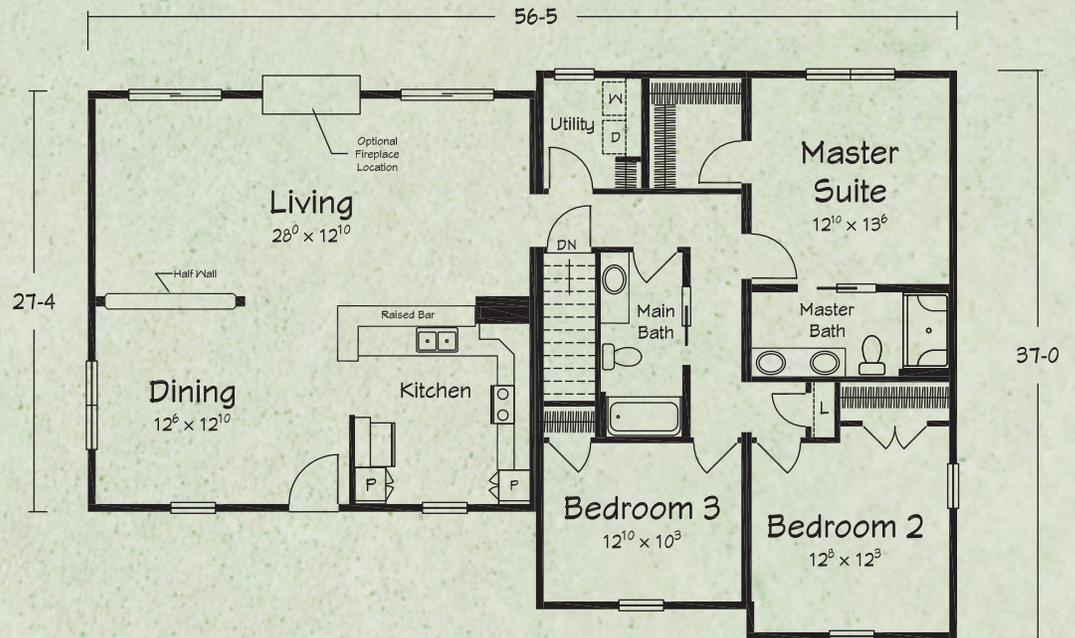

Shown with site built wrap-around porch.

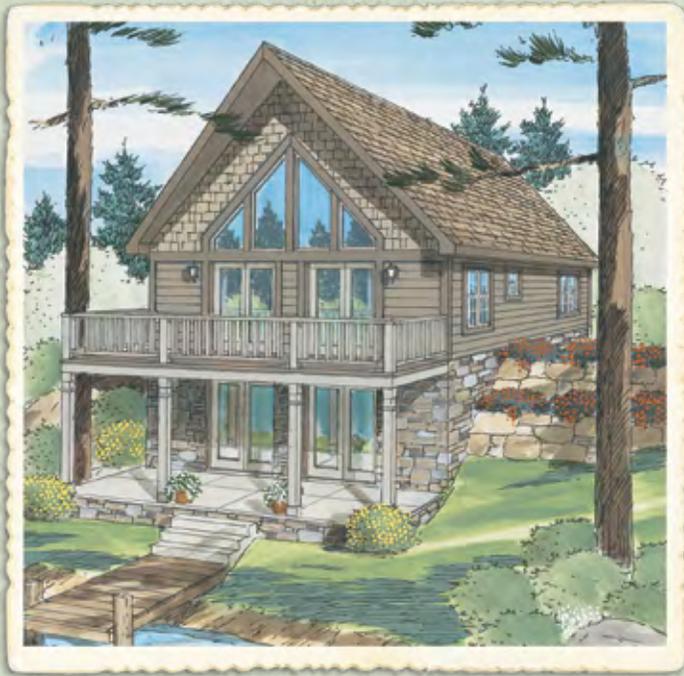

the Berkshire II

Bring the feel of the outdoors into your home with lots of wide open interior spaces and rear-facing glass. The Berkshire's handsome exterior will welcome you and compliment your home site. You can enjoy family and entertain friends in style and comfort.

Berkshire II

3 Bedrooms • 2 Baths
1779 sq. ft. Living Area

the Highspire II and Herron II Chalets

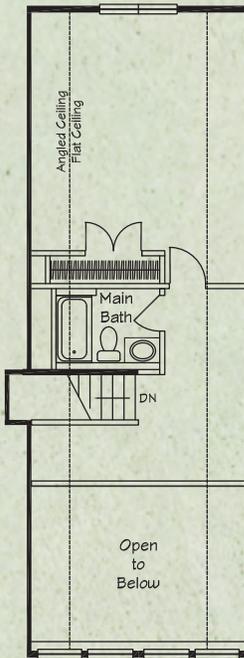

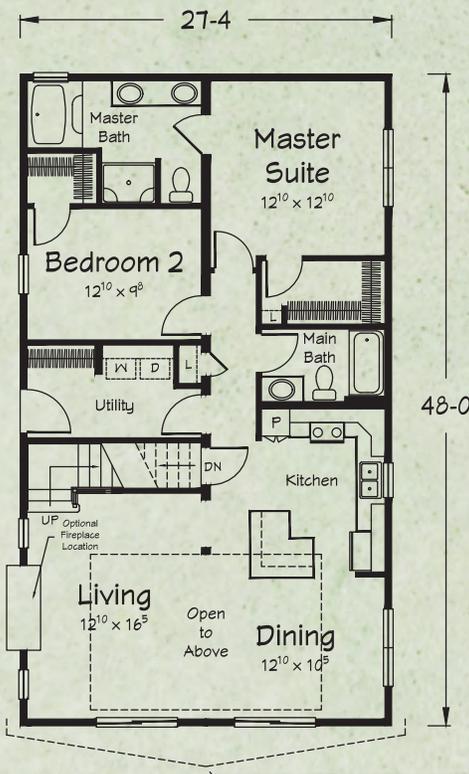

These homes are updated versions of our most popular Cape Chalet plans. Each home features generously-sized and open gathering spaces, along with a dramatic, two-story vaulted area. The Upper Level can be finished to include an additional bedroom, full bath and an overlooking loft. The Herron II includes an entry door from the "driveway end" which provides added flexibility on many home sites.

Shown with site built deck.

12/12 pitch roof is standard.

Highspire II Chalet Main Level

3 Bedrooms • 3 Baths
1937 sq. ft. Living Area
(includes 625 sq. ft. of upper level area)

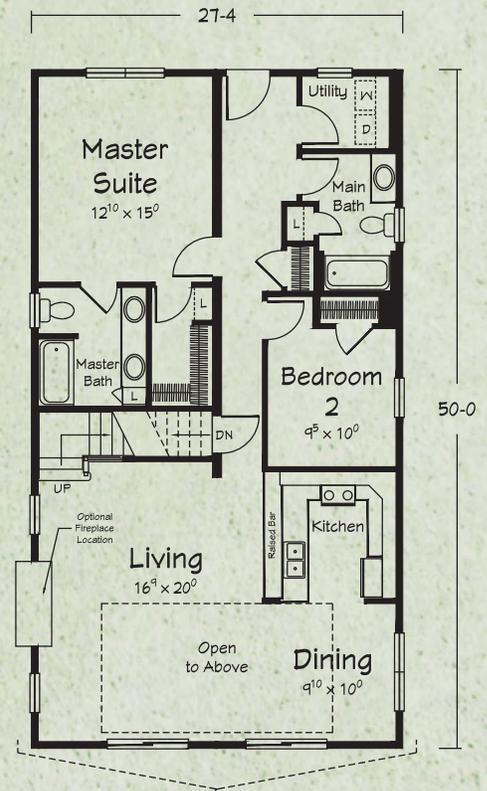

Herron II and Highspire II Upper Level

**Please note that the upper-level area is designed for economical completion on-site. Refer to Ritz-Craft's print package and specifications for included materials and discuss all aspects of completion with your selected homebuilder.*

Angled prow standard

Herron II Chalet Main Level

3 Bedrooms • 3 Baths
2061 sq. ft. Living Area
(includes 695 sq. ft. of upper level area)

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

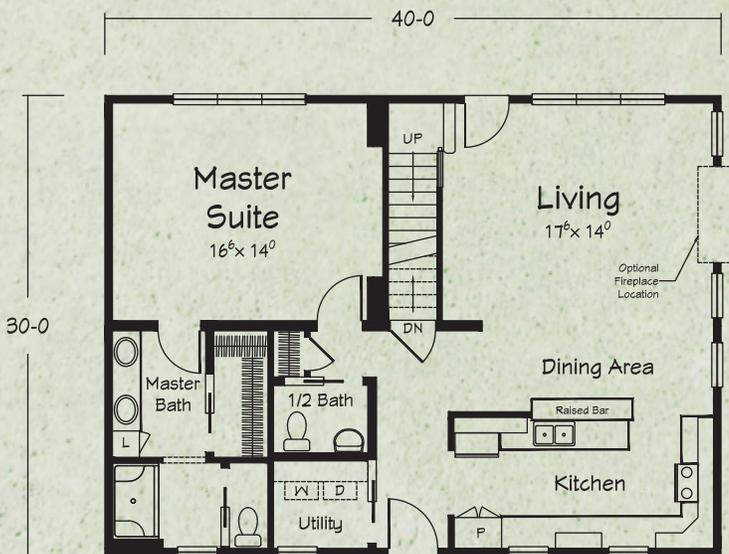

Shown with site built porch.

the Oswego Cottage II

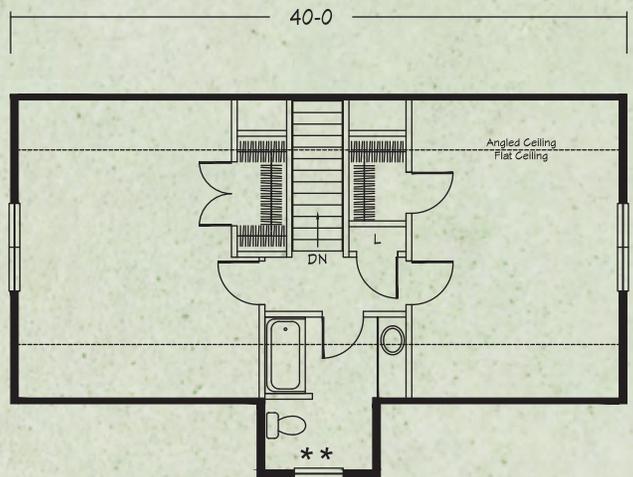

An open great room design provides unobstructed interior site lines between the kitchen, dining and living spaces. The rear-facing living area and master bedroom windows provide great view opportunities and access to a site-added rear deck.

Oswego II Main Level

3 Bedrooms • 2½ Baths
1990 sq. ft. Living Area
(includes 790 sq. ft. of upper level area)

Oswego II Upper Level

** Single window standard.
Twin window as shown in rendering is an option.

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

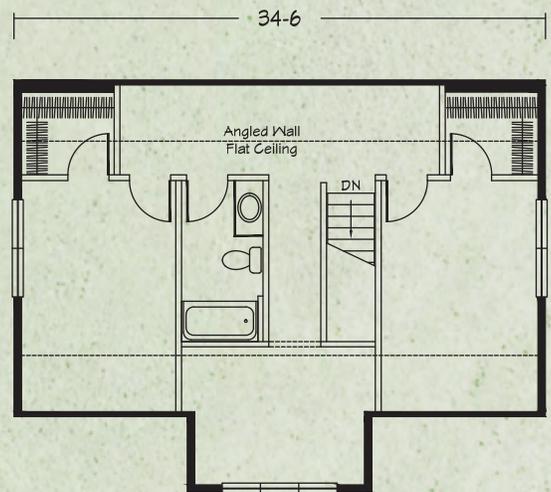

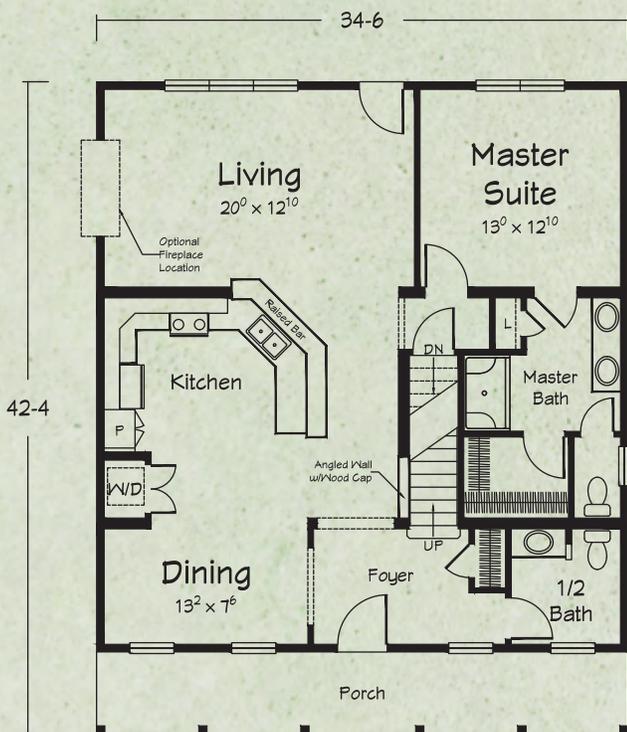

Shown with standard front shed dormer.

the Craftsman Cottage II

Classic Craftsman styling and the friendly “big ol’ front porch” make this home a true country charmer. A nice open floor plan with gathering areas on both levels make this a wonderful plan for family get togethers and for entertaining. The rear-facing living area can offer access to a large deck or patio.

Craftsman Cottage II Main Level

3 Bedrooms • 2½ Baths • Loft
2032 sq. ft. Living Area
(includes 754 sq. ft. of upper level area)

Craftsman Cottage II Upper Level

7/12 tri-mod roof
pitch is standard.
Optional 9/12 available.

Total “sq. ft. Living Area” shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

*Exterior grade porch framing,
deck materials and posts must be
ordered as options or site-finished.

Unless otherwise noted, all “Lake & Lodge” home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

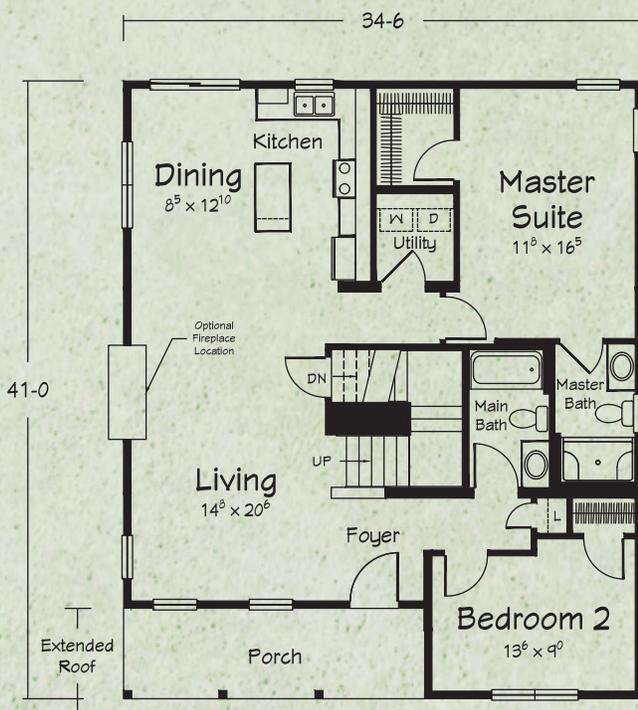

Artist’s renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft’s “Lake & Lodge Benchmark Specifications & Shop Drawings” to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

Shown with included front gable dormer.

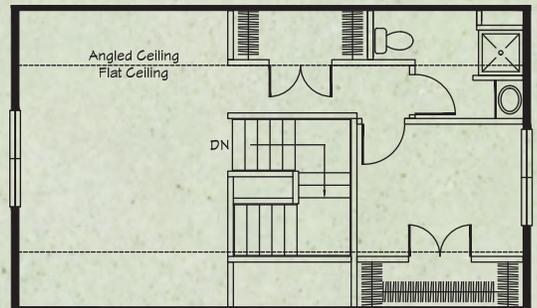

Cozy Cabin Main Level

3 Bedrooms • 3 Baths • Loft
2058 sq. ft. Living Area
(includes 761 sq. ft. of upper level area)

the Cozy Cabin

This cute and cozy plan can be built on home sites where a smaller building footprint is advantageous. The home's open floor plan provides two bedrooms and baths on the main level with a generous and flexible Upper Level imagination space for expansion.

Cozy Cabin Upper Level

*7/12 tri-mod roof pitch is standard.
Optional 9/12 available.*

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

**Exterior grade porch framing, deck materials and posts must be ordered as options or site-finished.*

Shown with site built wrap-around porch.

Rear elevation shown with site built deck.

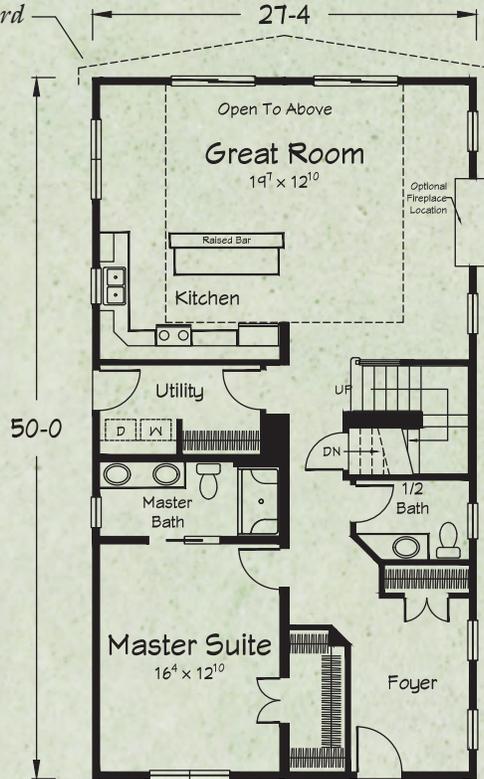

the Blue Ridge Two-Story

This home is best described as a country style two-story with a chalet-style great room off the back. The first floor features an elegant entry, master suite and great room. Upstairs, you'll find a comfortable loft along with two bedrooms and an additional bath. You'll enjoy the style and livability of this uniquely designed plan.

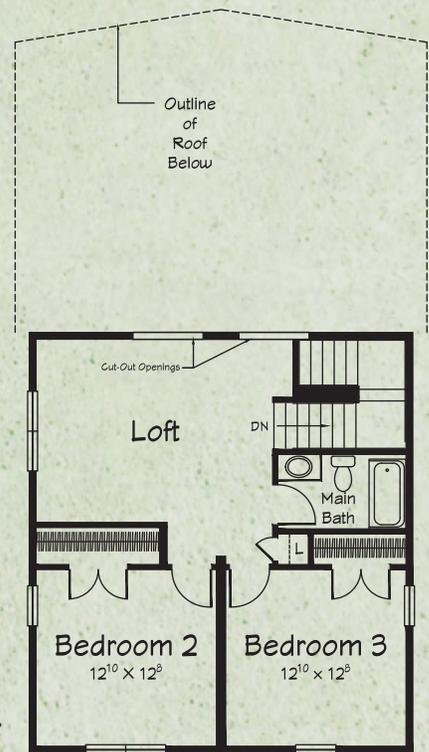

Blue Ridge Two Story

3 Bedrooms • 2½ Baths • Loft
2186 sq. ft. Living Area

Angled prow standard

This plan includes a combination of 12/12 and 7/12 roof pitch areas.

Blue Ridge Second Floor

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

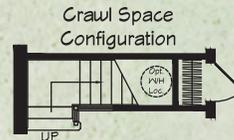

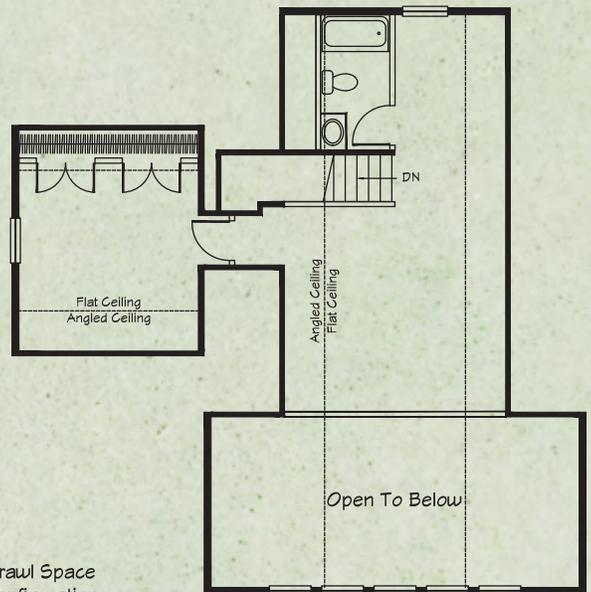

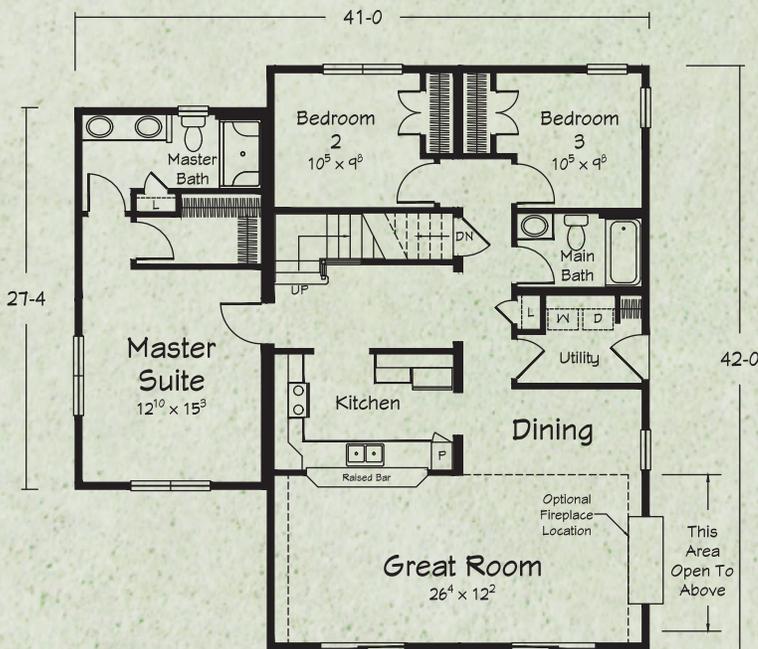

Shown with site built deck.

the Tree Tops Lodge

The handsome Tree Tops Lodge is a larger chalet style home with elegant custom touches, inside and out. The gable at the great room includes a unique boxed-prow roofline and dramatic, eight-piece window array. The master bedroom and gathering area face your special views as does the spectacular, upper level overlook loft.

Tree Tops Lodge Main Level

2 Bedrooms • 3 Baths • Loft
2333 sq. ft. Living Area
(includes 811 sq. ft. of upper level area)

Tree Tops Lodge Upper Level

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

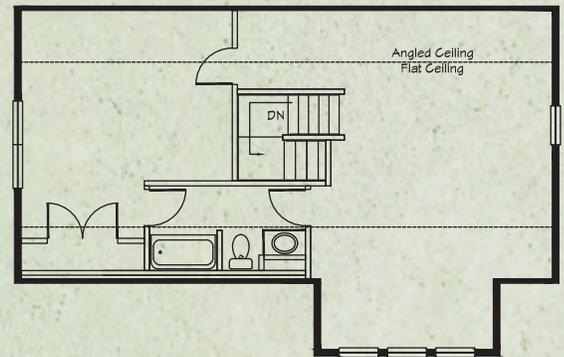

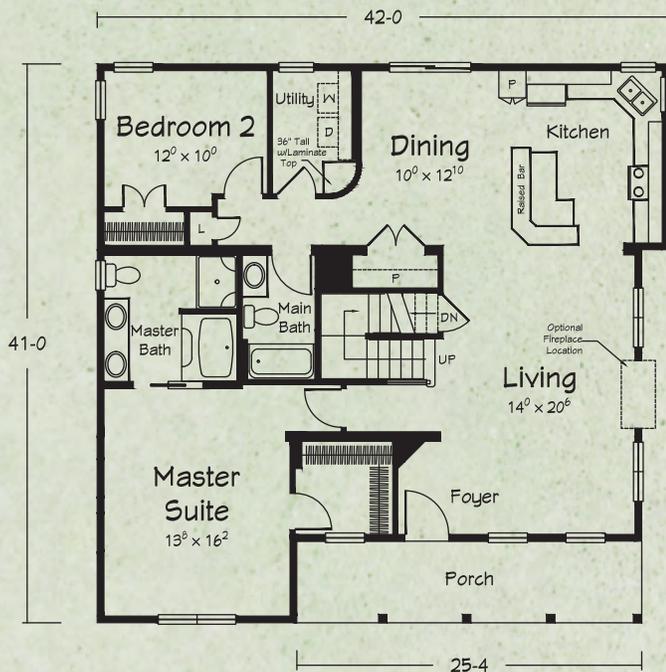

Shown with standard short-shed dormer, decorative front gable and "clipped" roof gables.

7/12 tri-mod roof pitch is standard. Optional 9/12 available.

Olympia Main Level

3 Bedrooms • 3 Baths • Loft
2414 sq. ft. Living Area
(includes 895 sq. ft. of upper level area)

Olympia II Upper Level

7/12 tri-mod roof pitch is standard. Optional 9/12 available.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

*Exterior grade porch framing, deck materials and posts must be ordered as options or site-finished.

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

View from right side gable showing side entry porch.

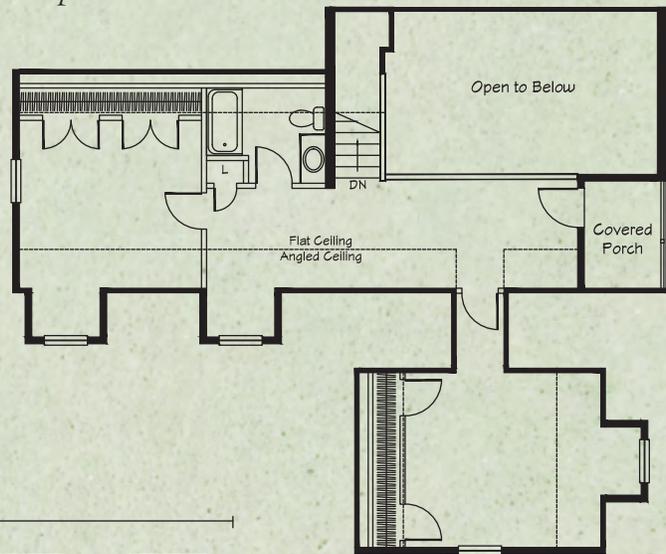

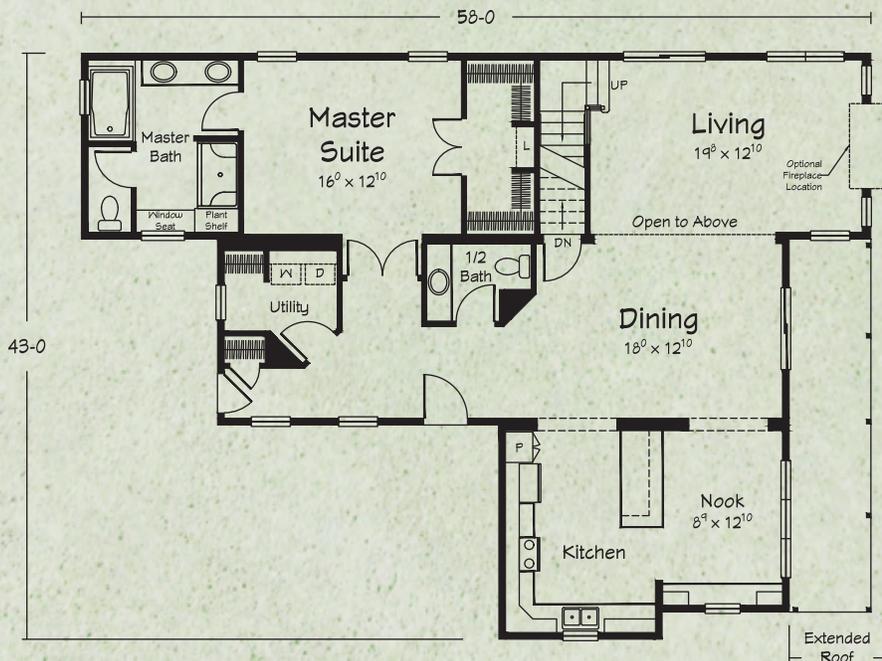

Shown with site built wrap-around porch.

the Grand Teton II

This transitional-style home includes design elements reminiscent of the great Craftsman and Adirondack mountain homes. The Grand Teton can be best appreciated on a home site with great views in all directions. This large, upscale home will welcome family and friends and compliment your special site.

Grand Teton II Main Level

3 Bedrooms • 2½ Baths • Loft
2578 sq. ft. Living Area
(includes 893 sq. ft. of upper level area)

Grand Teton II Upper Level

12/12 pitch roof is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

*Exterior grade porch framing, deck materials and posts must be ordered as options or site-finished.

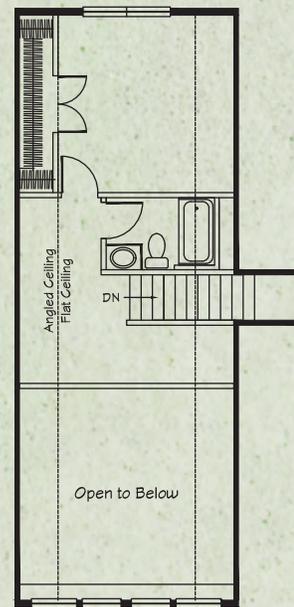

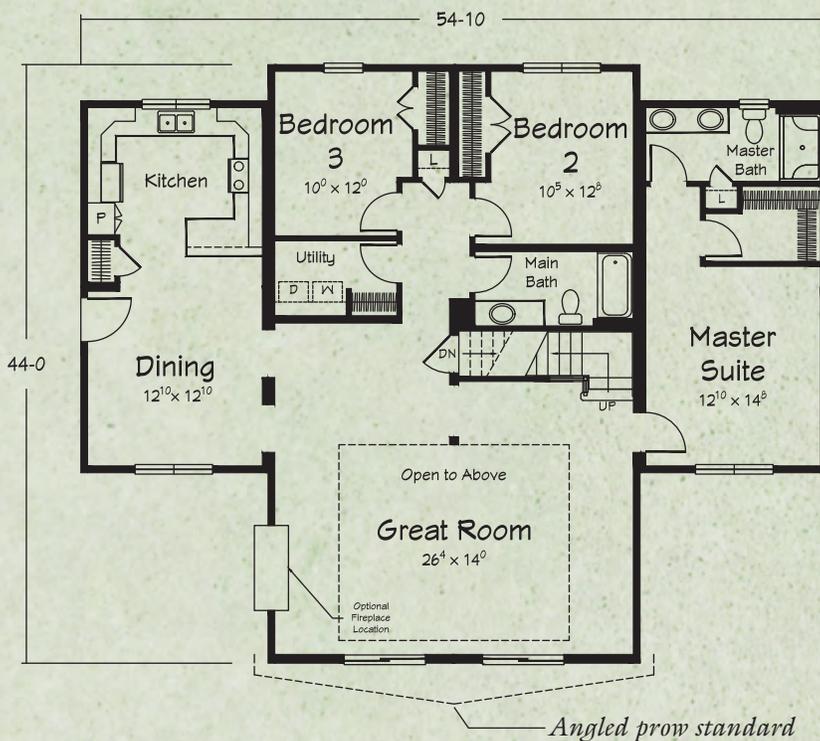

Shown with site built deck.

the Northwoods Chalet

The Northwoods Chalet is an expanded version of our most popular chalet plans. The separate wings provide space for a generous master suite and for a large kitchen/dining area. The Upper Level can be finished as a large, single-room loft or with a third bath and fourth bedroom.

Northwoods Chalet Main Level

4 Bedrooms • 3 Baths • Loft
2728 sq. ft. Living Area
(includes 773 sq. ft. of upper level area)

Northwoods Chalet Upper Level

This plan includes a combination of 12/12 and 7/12 roof pitch areas.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

Unless otherwise noted, all "Lake & Lodge" home plans include an interior stair area providing access to your full/walk-out basement. Each plan can be modified for a crawl space foundation.

Artist's renderings depict homes as they may be built on a typical site. Renderings may show optional or site installed features. Some elevations include uniquely designed standard features. Refer to Ritz-Craft's "Lake & Lodge Benchmark Specifications & Shop Drawings" to review standard and optional features. Be sure to thoroughly discuss all aspects of your building project with your selected homebuilder.

the Grand Vista II Chalet

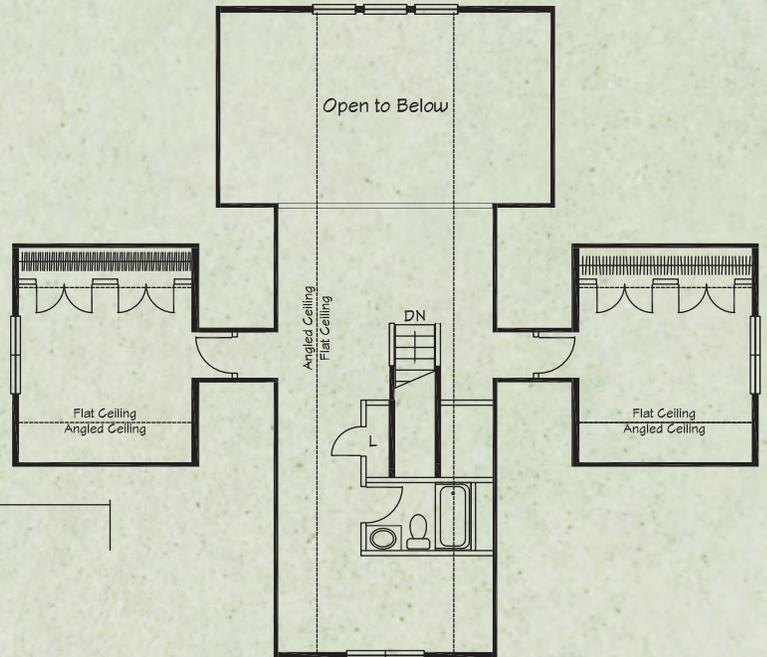

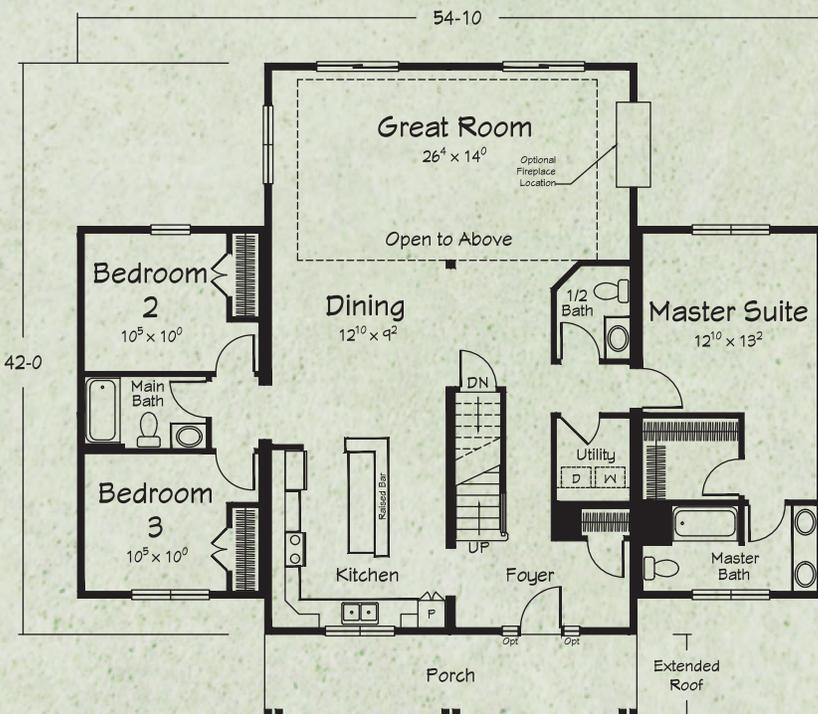

The largest of our chalet plans, the Grand Vista features a wide covered front porch on the entry/approach side and our dramatic double door and glass array to face your favorite views. With completion of the Upper Level areas, this large family home can include five bedrooms plus three full baths and a powder room. The master bedroom, great room and Upper Level loft are all positioned to take full advantage of the rear views.

Rear view shown with site built deck. Box-Prow and 8-piece glass standard this end.

Grand Vista Chalet II Main Level

5 Bedrooms • 3½ Baths • Loft
3010 sq. ft. Living Area
(includes 1110 sq. ft. of upper level area)

Grand Vista Chalet II Upper Level

12/12 pitch roof
is standard.

Total "sq. ft. Living Area" shown for Cape Cod style plans assumes completion of total available square footage on the upper level. Dormers noted as standard are included in the upper level sq. ft.—optional dormer square footage is not. Finish materials and fixtures are not included. The proposed upper level must be site-finished by your selected builder.

*Exterior grade porch framing, deck materials and posts must be ordered as options or site-finished.
